Presentation

Heather Petersen and Jon Haugen presented to the club their plan for managing the CDEC Recognized Show in June. Heather detailed her many credentials and experience in running dressage shows. Jon also has worked on many shows mainly out of necessity in ensuring there is an availability of shows in this region. Heather shared a list for discussion on the duties/tasks etc that Heather and Jon would be responsible for and what they thought the club members would handle. A discussion was held for some items that needed clarification or elimination. Heather also went through the Prizelist for the show and made suggestions for additions and changes. The feedback from the club member was very positive and it was agreed that Heather and Jon would indeed take the roles of Show Secretary and Show Manager respectively. The cost to the club for their services will be roughly \$700 plus expenses.
